**SUMMER TRAVEL =  
Stay Alert for Fraud**

As summer travel and spending increase, so do fraud attempts. We encourage members to stay vigilant and take extra precautions to protect personal and financial information while on the go.

Common scams during the summer months include card skimming devices at gas pumps and ATMs, fraudulent text messages or emails, fake travel booking websites, and suspicious phone calls requesting personal account information.

To help keep your accounts secure:

-  Inspect card readers before inserting your card
-  Use tap-to-pay or digital wallet options when available
-  Monitor your account activity regularly through online or mobile banking
-  Avoid clicking suspicious links or responding to unexpected messages
-  Never share passwords, PINs, or secure verification codes

If you notice suspicious activity on your account or believe you may have been targeted by fraud, contact us immediately at 713-864-4438. Staying informed and alert is one of the best ways to help protect your finances this summer.
